

Juni by XANGO® SPA LUXURY MEETS AT-HOME GETAWAY

Bringing the Spa Experience Home

Bring the luxurious serenity of a healing spa into your home with XANGO's new and improved Juni brand of hair and body products. Experience well-being rooted in the regenerating spas of Thailand with Juni's natural combination of aromatherapy, mangosteen and plant nutrition for hair and body. Juni's 100% pure essential oils relax, balance and rejuvenate body, mind and spirit while complementing the purity and nourishing benefits of these natural, animal-free formulas—honoring the earth and yourself. **Created by nature. Optimized by XANGO.**

We've captured the sensations, aromas and indulgence of a therapeutic spa experience with mangosteen and delivered them to your doorstep. You supply the warm water, soft lights and relaxing, uplifting music, and Juni will take care of the rest—refreshing the mind as it nourishes the hair and body. Turn even the smallest stolen moment into a restoring day-spa getaway, every day of the week.

From the first XANGO personal care product launch, we pledged to provide safe and toxin-free products. Our products remain true to our company's foundational philosophy. No harsh chemicals, synthetic dyes, sulfates or unwanted substances are allowed. Always sulfate-free and plant-based, Juni products with mangosteen nourish your hair and skin as nature intended, giving you a healthy and safe all-over radiance.

What is Aromatherapy?

Aromatherapy is the practice of using the natural oils extracted from flowers, bark, stems, leaves, roots or other parts of a plant to enhance psychological and physical well-being. Aromatherapy is a therapeutic method used to promote health and well-being for your body, mind and spirit. The aroma triggers your olfactory sense, which in turn enhances circulation, helping to achieve physical balance. Essential oils can also be absorbed through the skin, where they travel through the bloodstream and work throughout the body.
